

Research for a Stronger, More Inclusive Democracy

The California Civic Engagement Project (CCEP) is a research and outreach initiative housed at the UC Davis Center for Regional Change founded and led by director, Mindy Romero.

The CCEP provides data and research on electoral and wider civic engagement issues throughout California. It is a go-to resource for legislators, public agencies, advocates, journalists and researchers. CCEP's research has been featured in major news outlets, including the Washington Post, Los Angeles Times, San Francisco Chronicle, Politico and the Huffington Post. For more information, visit our website at regionalchange.ucdavis.edu/ccep.
